

Personal Minimums (Wind)

A great seminar for pilots at all levels where we'll discuss personal minimums with respect to wind, pilot and aircraft wind capabilities and limitations and offer some tips and tricks to improve operations in windy conditions.

Directions: Via Florida Turnpike: Take the Florida Turnpike to SW 120th Street exit, and exit going West. At 137th Avenue, turn South. The entrance to the airport will be on your right hand side. Follow the signs within the airport to the college facility, which is past the control tower.

Via Palmetto Expressway: Take the Palmetto to Kendall Drive (SW 88th Street) and go West. At 137th Avenue, turn South. The entrance to the airport will be on your right hand side. Follow the signs within the airport to the college facility, which is past the control tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
